Long-term disability benefits can replace income in challenging times

Even with careful saving and planning, most people count on a steady paycheck to cover their monthly expenses. Unfortunately, it only takes a brief time away from work to upset the balance. You can protect the income you depend on with disability insurance. Whether you need to take time off to recover from an illness or injury, disability insurance can provide a portion of lost income for a period of time, helping alleviate the financial hardship and cover regular expenses—from paying rent to buying groceries.

More about your Long-Term Disability coverage

If you start working for your employer after the effective date - the waiting period is determined by your Employer's personnel policy.

An Employee who is employed on the effective date of the policy will receive credit towards satisfying the waiting period for time employed with the employer provided he or she was employed on the day prior to the effective date of the policy.

The following benefits are available:

Return to Work Benefit

If You remain Disabled after the Elimination Period, but work while You are Disabled, We will determine Your Monthly Benefit for a period of up to 12 consecutive months as follows:

1. multiply Your Pre-Disability Earnings by the Benefit Percentage;
2. compare the result with the Maximum Benefit; and
3. from the lesser amount, deduct Other Income Benefits.

The result is Your Monthly Benefit. Current Monthly Earnings will not be used to reduce Your Monthly Benefit. However, if the sum of Your Monthly Benefit and Your Current Monthly Earnings exceeds 100% of Your Pre-disability Earnings, We will reduce Your Monthly Benefit by the amount of excess.

The 12 consecutive month period will start on the last to occur of:

1. the day You first start work; or
2. the end of the Elimination Period.

Family Care Deduction Benefit

If you are working as part of a program of rehabilitation, we will, for the purpose of calculating your benefit, deduct the cost of family care from income received from rehabilitative employment, subject to the following limitations:

1. family care means the care or supervision of:
 - your children under age 13; or
 - a member of your household who is mentally or physically handicapped and dependent upon you for support and maintenance;
2. the maximum monthly deduction allowed for each qualifying child or family member is:
 - \$350 during the first 12 months of rehabilitative employment; and
 - \$175 thereafter;

but in no event may the deduction exceed the amount of your monthly earnings;

3. family care deductions may not exceed a total of \$2,500;
4. the deduction will be reduced proportionally for periods of less than a month;
5. the charges for family care must be documented by a receipt from the caregiver;
6. the deduction will cease on the first to occur of the following:
 - you are no longer working as part of a program of rehabilitation; or
 - family care deductions for 24 months have been deducted during your disability; and
7. no family care provided by someone related to the family member receiving the care will be eligible as a deduction under this provision.

Survivor Income Benefit An amount equal to three times the last monthly benefit amount for total disability paid.

Workplace Modification Benefit:

We will reimburse Your Employer for the expenses of reasonable Workplace Modifications to accommodate Your Disability and enable You to return to work as an Active Employee. You qualify for this benefit if:

1. Your Disability is covered by The Policy;
2. the Employer agrees to make modifications to the workplace in order to reasonably accommodate Your return to work and the performance of the Essential Duties of your job; and
3. We approve, in writing, any proposed Workplace Modifications.

Benefits paid for such Workplace Modifications shall not exceed the amount of the Maximum Monthly Benefit.

We have the right, at Our expense, to have You examined or evaluated by:

1. a Physician or other health care professional; or
2. a vocational expert or rehabilitation specialist; at Our choice so that We may evaluate the appropriateness of any proposed Workplace Modification.

We will reimburse the Employer's costs for approved Workplace Modifications after:

2. We have been provided written proof of the expenses incurred to provide such modifications; and
3. You have returned to work as an Active Employee.

Workplace Modification means change in Your work environment, or in the way a job is performed, to allow You to perform, while Disabled, the Essential Duties of Your job. Payment of this benefit will not reduce or deny any other benefit You are eligible to receive under the terms of The Policy.

Cost-Of-Living Adjustment: *How do my benefits keep pace with inflation?*

We will adjust Your Monthly Benefit for increases in the cost-of-living if :

1. You have been Disabled for 12 consecutive months; and

2. You are receiving benefits; and
3. Your Current Monthly Earnings are less than or equal to 20% of Your Pre-disability Earnings;

when the Cost-of-Living Adjustment is made. We make the Cost-of-Living Adjustment each year on January 1st.

What is the Cost-of-Living Adjustment formula?

We apply the Cost-of-Living Adjustment by:

1. determining the lesser of:
 - a. 3%; or
 - b. the percentage change in the Consumer Price Index;
2. multiplying the resulting percentage by the Monthly Benefit for Disability being received; and
3. adding the resulting amount to Your Monthly Benefit.

When will the Cost-of-Living Adjustments end?

You will not receive a Cost-of-Living Adjustment after the earliest of the following:

1. You cease to be Disabled;
2. You have received 5 such adjustments; or
3. the date The Policy terminates.

Consumer Price Index (CPI-W) means the index for Urban Wage Earners and Clerical Workers published by the United States Department of Labor. It measures on a periodic (usually monthly) basis the change in the cost of typical urban wage earners' and clerical workers' purchase of certain goods and services. If the index is discontinued or changed, We may use another nationally published index that is comparable to the CPI-W.

For the purposes of this benefit, the percentage change in CPI-W means the difference between the current year's CPI-W as of July 31, and the prior year's CPI-W as of July 31, divided by the prior year's CPI-W.
